

Harrow Mental Health Support Services for Children and Young People

We are **Harrow Citizens**, a group of volunteers from local Churches, Mosques, Synagogues and schools who have found that the mental health and well being of children and young people is a major concern to people in Harrow. As a result, we are working together to make a positive change! We have compiled this two sided fact sheet of local and national contacts that may be of use to you or someone you may know.

Please note, we cannot be held responsible for the accuracy of the information contained herein which is intended merely as a guide. We, Harrow Citizens, are not accountable for the quality of service produced by these providers but hope this information sheet is of use as a guide.
